

Commercial Dishwashers

Whatever type of commercial or industrial dishwasher you need, you will find it at JTM Service.

Commercial Dishwashers

We have a great range of dishwashers from the compact machines right through to large professional dishwashers for heavy commercial use. We have a good range of machines to suit all market sectors.

Leading Manufacturers

We work with all the leading manufacturers of commercial dishwasher machines, such as Miele, and Maida.aid.

So whether you need a small dishwasher for your guest house or pub or you need a large industrial dishwasher that can wash up to 1080 plates an hour for a large hotel, we will help you select the most appropriate dishwasher.

Why Use a Commercial Dishwasher?

- Built for frequent, long term use
- Shorter wash cycles starting from just 6 minutes and just 2 minutes for larger machines
- Wash larger amount of crockery, glassware and cutlery with higher throughput times than domestic dishwasher
- Energy efficient programmes to reduce water usage and control temperatures
- Special programmes for glassware
- Thermal disinfection programmes to ensure thorough cleaning
- Bespoke programme settings so you can choose the type and temperature of your wash and also drying time

Popular Dishwashers

Just click on an image to find out more.
